

## Hands-On Experience Training & Development

Gain a real-world preview of the workplace in a growing technology industry while developing marketable skills that add value to any organization.

## Flexible Hours To Fit Your Schedule

We understand that balancing work and school can be tricky, so we work with you to create a schedule that enables your success in both the internship and your studies.

### Company Culture

Our culture empowers you to do what it takes to fulfill our mission of exceeding expectations.

### App & Web Development

We don't just build marketing sites. We work directly with stakeholders to develop creative, effective, and user-friendly solutions.

### IT Services

Serving hundreds of organizations throughout the country, our IT team offers best-in-class, proactive and reactive IT Services.

### Accounting/ERP Software

Our Microsoft Dynamics GP team empowers companies of all sizes to manage all facets of their business, be it supply chain, HR, procurement, or financials.

# Paid Internships

All interns will be involved with projects and will shadow other departments.

## IT Depot

The Depot Support Intern will assist with in-house support services such as PC imaging, basic PC repair and troubleshooting, control of inventory, maintenance of garage and depot areas, and assisting with ordering and procurement. The Depot Support Intern is a key contributor in the success of exceeding our customer's expectations.

## Dynamics GP

runbiz™ is a Microsoft Partner who sells, implements, trains, and supports Dynamics GP clients in multiple states. The Microsoft Dynamics GP intern will be assisting consultants in implementations projects, accounting, HR, payroll, reporting, and ongoing support.

## Web & App Dev

The Web & App Dev Intern will get hands-on professional experience with programming languages, software development lifecycle, database engines, content management systems, and develop an ability to translate business needs into client-friendly interfaces. You will also assist in support on current web-based applications we host, as well as developing and implementing web applications that meet our customer requirements.

## Sales & Marketing

The Sales & Marketing intern will assist in the management of marketing, advertising, administrative sales tasks, and promotional activities of the company. You will also aid in developing and maintaining sales and marketing strategies that meet company objectives.
